For use in mounting vehicle seats into FE744-01 Heavy-Duty Series L Track.

FE200739

new

Series L Double Lug Stud Fitting

This fitting is used as a bolt-on anchoring point for Series L Track applications where higher strength than the FE200744 is required.

FE200777

new

Series L Connector Assembly Kit

This kit allows you to convert our retractor assemblies to a series L Track application. The kit comes complete with a Series L Track fitting, swivel bracket, nut, bolt, washers and installation instructions.

FE200867

new

Series A Connector Assembly Kit

This kit allows you to convert our retractor assemblies to a Series A Track application. The kit comes complete with a Series A Track fitting, swivel bracket, nut, bolt, washers and installation instructions.

Accessories

FE200878

Mesh Storage Container

Made of high grade black vinyl mesh with solid vinyl backing. Grommeted attachment flanges are reinforced with stiffeners to allow for mounting to vehicle sidewall or under an adjoining seat. Ventilation through the mesh will allow the tie-downs to fully dry while in storage. Accommodates any Sure-Lok Wheelchair Tie-Down and Occupant Restraint System. An interior pocket can store operation instructions and a web cutter.

FE200746

Vinyl Storage Container

Made of durable, flame resistant vinyl, this container provides practical and economical storage of the total system when not in use. Accommodates any Sure-Lok Wheelchair Tie-Down and Occupant Restraint System. An interior pocket can store operation instructions and a web cutter. Outer edge stiffeners allow for mounting to the vehicle sidewall or underneath an adjoining seat.

8663

L Track End Cap

For use with Series L Aluminum Flanged Track, FE748-01 Series or FE751-01 Series, FE200763 and FE200765.

8730

A Track End Cap

For use with Series A Horizontal Track, FE702-01 only.

8705

Premium Web Cutter

For use in emergency evacuations. Meets the requirements of the National Standards for School Buses.

FE200750

Quick Strap

The Quick Strap can be attached to the structural frame of the wheelchair and provides a quick and easy installation point for the wheelchair tie-down.

Accessories

FE200751

Plastic Filler Strip
For use with Series L Aluminum Track.
Available in 25' rolls.

8726

Oversized Release Button for Retraktor
2 per bag

FE200843

Retraktor Mounting Bracket Kit
Allows bolt-on retractors to be mounted directly to the vehicle floor.

new **FE200896**

Cable Release Actuation Kit for Retraktor
Allows remote release of the retractor.

Operation and Maintenance Decals for Sure-Lok Systems

SIP008 Operation Decals for the FF600 Retraktor Series Systems
SIP001 Operation Decals for the FE500 and FF800 Series Systems
SIP002 Maintenance Decals for Wheelchair Tie-Downs and Occupant Restraint Systems

Sure-Lok offers Operation and Maintenance Decals as a quick reference for anyone securing a wheelchair and occupant. The decals provide both textual and visual information on how to secure the wheelchair, restrain the occupant and how to care for the system. The decals have an adhesive backing to attach to the vehicle's interior. Contact Customer Service to order your free copies.

Safe & Secure with the Sure-Lok Training Program

A valuable resource for new-hire and refresher training. The program incorporates a leader's guide, video, certificates of completion, interactive curriculum and covers a variety of important topics such as:

- Pre-Trip Assessment
- Sensitivity Training
- Component & Assembly Operation
- Securing the Wheelchair
- Securing the Occupant
- System Care and Maintenance

Using the Safe & Secure Training Program on a regular basis will help to ensure your Sure-Lok Systems perform to their maximum design capabilities and provide the optimum level of protection for your passengers.

On-site training and certification available upon request.
